

Exhibition Grounds

EMO Hannover

-  General Commissariat
-  Information Center
-  Conference Rooms
-  Convention Center

↑ Entrance

-  **Turning**
Lathes and automatic lathes
(Halls 2, 12, 13, 14, 15, 16, 17)
-  **Milling · Flexible manufacturing**
Milling machines / Machining centres /
Flexible manufacturing cells and systems
(Halls 2, 12, 13, 14, 15, 16)
-  **Sheet metal working · Forming**
Sheet metal working machines / Shearing,
nibbling, blanking and punching machines,
lasers / Presses / Metal forming (massive)
machines / Bar, section and tube working
machines / Welding, cutting and gas cutting
machines
(Hall 13)
-  **Grinding · Surface technology**
Grinding machines / Abrasive tools and
products / Machines and systems for use
in surface technology / Honing, lapping,
polishing and deburring machines
(Hall 11)
-  **Gear cutting**
Gear cutting and finishing machines / Planing,
shaping, slotting and broaching machines
(Hall 11)
-  **Transfer and special production machines**
Transfer and special production machines /
Unit heads
(Hall 17)
-  **Sawing**
Sawing and cutting-off machines /
Sawing blades
(Hall 3)
-  **Precision tools**
Cutting tools / Workpiece and tool holders
(Halls 3, 4, 5)
-  **Marking**
Machines for marking and engraving
(Hall 16)
-  **Measuring technology and quality assurance**
Measuring and testing technology /
Quality assurance
(Hall 6)
-  **EDM**
Electroerosive and abrasive machines
(Hall 6)
-  **Tool grinding**
Tool grinding machines
(Hall 6)
-  **Coolants and lubricants · Safety and environment**
Cooling and lubrication/ Filters,
air filtration systems, wastewater
purification, protection systems / Disposal
(Hall 6)
-  **Components · Accessories**
Mechanical, hydraulic and pneumatic
components, spindles, gear units, couplings
(Hall 7)
-  **Special Youth Show · Associations**
Special Youth Show /
International associations
(Hall 8)
-  **Software · Additive Manufacturing**
Software for product development, machines
and manufacturing / Machines for additive
manufacturing, materials for additive processes
(Hall 9)
-  **Industrial electronics · Robotics · Connectivity**
Control and drive systems / Electrical and
electronic equipment for machine tools /
Industrial robots, assembly and handling /
Connectivity area / umati
(Hall 9)
-  **Startup area**
Startup area
